Riding During The Winter Months

Winter rides outside the above dates (May - September) are subject to weather, swell level, daylight hours and tides. There are very few gannets (maybe none) during the winter months and walking up to the plateau colony is strictly prohibited.

However.... it's still a great ride with stunning scenery and seal numbers are significantly higher during the winter months.

So, if you're keen to take on the challenge, either email or phone us and we'll have a look at the weather and sea conditions to assess whether the ride can be completed safely.

And as the old Scandinavian saying goes "There's no such thing as bad weather - only bad clothing".

Other Stuff

Please be at the Gannet Beach Adventures departure area at **475 Clifton Road, Clifton, Te Awanga, Hawkes Bay** by the departure time. After the tractors have left (10 minutes), we'll get you going. The total return ride (including the walk to the plateau gannet colony) is approximately 3.5 - 4 hours.

Maybe* The ride on these days may be possible depending on sea and swell conditions. As we get closer to the date we'll be able to assess whether the ride can be completed safely, so please contact us either via email info@gannetbikes.nz OR via phone **021 36 26 96** and we can discuss.

** NZ daylight saving time changes on this date.
